

(ร่าง) แผนยุทธศาสตร์ 20 ปี

**แนวคิดในการจัดทำแผนยุทธศาสตร์ 20 ปี ของโรงเรียนมหิดลวิทยานุสรณ์
ก้าวไปสู่การเป็น Science Education Hub ระดับนานาชาติ**

ช่วงเวลา	เป้าหมาย	กลยุทธ์
ระยะสั้น (3 ปี)	● Outcome Based Curriculum	● Reduce barriers between subjects and students activities
	● Classroom Research	● Create failure-embracing environments
	● Outreach Program (Collaboration with OBEC)	● Empower mid-managers and staffs
	● Research Labs in School	● Encourage diversity of thinking
		● Install ERP for back office
		● Emphasize on value-created not hour-worked
ระยะกลาง (5 ปี)	◆ Internationalization of staff and school	◆ Encourage staff to work outbound
	◆ National Admission Exam for science schools	◆ Develop reliable and effective admission system
	◆ National conference for science projects (High school)	◆ Use MWITS TISF as platform for national conference
	◆ ASEAN Initiative in teacher development and exchange	◆ Seek international funding (ADB, UNESCO) for ASEAN collaboration
ระยะยาว	● International recognition	Exposure to different cultures and values (long term exchange program, visiting teachers)
	● International standard	
	● Curriculum, teaching materials, assessment tools	● More foreign teaching and admin staffs
	● Teacher development program	● Research and publications
	● International environments
